TES Proposal A3180

Dear Mr. Droubay:

Thorpe Environmental Services, Inc. proposes to furnish Labor, Materials, Tools, Equipment and Supervision to remove asbestos materials as listed below. The work is bid on a lump sum which includes personnel air monitoring and disposal of asbestos waste.

Removal of asbestos materials shall be in compliance with South Coast AQMD, Cal/OSHA, and local regulatory agencies. Work will be performed in accordance with accepted work practices.

**Scope**

Thorpe Environmental Services, Inc. proposes to remove approximately 500~~0~~ S/F of roofing on Building 66A. We had previously removed approximately 500 S/F of roofing and underneath was a layer of plywood and another layer of roofing, forensic environmental took bulk samples of this sub-roof system and said the samples came up positive, we will wait to hear from you on how to proceed.

Our price to remove this lower layer of roofing is \$1,600.00.

Any additional questions regarding the above, please feel free to contact me.

Price: for the lump sum of \$1,600.00  
**ONE THOUSAND SIX HUNDRED DOLLARS AND NO CENTS**
